## EQUIPMENT AFFECTED

Messenger 123A  
Part No. 242-0123-002

## REASON FOR REVISION

To enable the Messenger 123A to operate in vehicles equipped with a positive ground 12 volt electrical system.

## REVISION

The Messenger 123A may be operated from positive ground voltage by either adapting the circuitry with the positive ground conversion kit, Part No. 023-3326-001, or by using the Johnson Inconverter, Part No. 239-0120-001.

## PARTS REQUIRED

| <u>QTY</u> | <u>PARTS DESCRIPTION</u>       | <u>PART NUMBER</u> |
|------------|--------------------------------|--------------------|
| 1          | Positive ground conversion kit | 023-3326-001       |
|            | or                             |                    |
| 1          | 1 Amp Inconverter              | 239-0120-001       |

## CHANGE ACTION

Make this change as required.
